Minimum Number of Teams: The minimum number of teams that must enter in order for a tournament to be conducted as a national championship is six (6) for all club tournaments, and five (5) for all other tournaments.

Early Deadline: An early deadline has been established for new tournaments, or those traditionally liable for not attracting the minimum number of teams. This has been done to minimize team and player liability of potential financial loss due to industry requirements for flight and hotel accommodations. The following criteria will apply:

1. If five (5) or more teams register by the early deadline, a National Championship Tournament will be declared and the entries left open until the final deadline in an attempt to attract more teams.

2. In qualifying tournaments, if only four (4) teams register by the early deadline, each team will be contacted to ascertain if they want to compete in a 4-team tournament without the designation of national champion, team/individual awards and recognition. These criteria will be applied only to those qualifying tournaments that are 5 years old or less. Currently, the only qualifying tournaments with this early deadline are M75, M80, W65, W70 and the four U-Volley tournaments. In NO case will a tournament be conducted with three (3) or less teams.
